Programmer Analyst

KCMHSAS is seeking a full-time Programmer Analyst to develop solutions to allow for effective and efficient service delivery. Development will be done in the Microsoft technology stack. (SQLServer, C#, .Net, sharepoint). Knowledge of SQLServer Analysis Services, Integration Services, Reporting services are necessary. Open source systems (linux, bsd) and python knowledge is a plus. The Programmer Analyst will accrue 23 PTO days and 10 paid holidays per year!

The Programmer Analyst position requires a bachelor's degree in Information Technology or Computer Science plus a year of relevant experience required . An equivalent level of professional experience could be substituted in lieu of a bachelors degree. Understanding of the public mental health system preferred.

We offer competitive compensation and fringe benefits, including medical, vision and dental insurance; disability and workers compensation insurance; paid holidays, Paid Time Off plan, continuing education, retirement plan and Deferred Compensation Plan.

Individuals of diverse racial, ethnic, and cultural backgrounds along with bilingual candidates are encouraged to apply. KCMHSAS is an equal opportunity employer that encourages diversity and inclusion among its workforce. We strive to empower people to succeed.
